HAIL TO YOU IRIS

“Queen of the garden, in splendor un-
folding
All your rich beauties unto our be-
holding,
Scattering freely your largesse untold;
Born in the purple, no rival you’re
fearing,
Proudly your head to the sunshine up-
rearing
Gorgeous your raiment of purple and
gold.

“Hail to you IRIS, your reign may be
fleeting,
Leal are your subjects who give you
glad greeting;
Blessings attend you upon your bright
way;
Faithful the hearts now your triumph
acclaiming,
Loyal the lips your allegiance naming;
Child of the Rainbow and Queen of the
May.”

PLEASE NOTE *If You Visit Our Gardens During The Blooming Season, And We Hope That You Will, Kindly Bring This Catalog With You When You Come.*

Foreword

WE TAKE PLEASURE in sending our 9th Annual Catalog. It is mailed to every customer who has placed one or more orders with us during the past four years. We will continue this practice again next year so it will not be necessary to write requesting one unless it has not been received by early May.

To you with whom we have dealt and are acquainted we want to extend greetings and express thanks for your valued patronage. We trust that you will derive much pleasure from your Iris this spring and that their bloom will exceed your expectations. We are looking forward to seeing or hearing from you again this season.

To you who have never had dealings with us before, we extend a most cordial invitation to pay us a visit. If that is not possible, we hope that you will give us a trial order—we feel certain that you will not be disappointed. We ever strive to please both old and new customers in the quality of the stock, handling of the order and by giving them the most we possibly can for the money without, however sacrificing anything in the first two mentioned points.

Something New Has Been Added

Not only have we changed the style and size of our catalog this year, but of more importance, we have added a very large number of beautiful and interesting new varieties to our display plantings.

At the National Convention of the American Iris Society at Boston last June we saw so many fine and intriguing creations that it was extremely difficult to choose the varieties which we should add this season. Sixty varieties new to us have been added to our plantings, making a total of 330 different varieties on display.

Do Come and See Us

The latchstring is always out: you are as welcome as the flowers! To fully appreciate the full charm, beauty and grace of modern bearded Iris they must be seen—pictures and descriptions in print are poor substitutes for the actual viewing. So by all means pay us a visit during the blooming season if you are within driving distance. We have many visitors who come two and three times every season and from considerable distances. We

urge you to make the effort because we feel certain that you will find it worthwhile.

There Is a Time and Place for Everything

THE TIME

At our location the early varieties start blooming the middle of May and the later varieties finish blooming by the middle of June. The best period to come in order to see almost all in bloom is from May 23rd to June 4th. The **peak bloom** period usually is May 28th to June 2nd. We are always about **six days behind** the Philadelphia area—so kindly note that fact Philadelphians! The reason for this is due mostly to our higher exposed location. If you are in doubt as to the best time, suggest that you telephone us before coming—Tel. Springtown 6-7686.

THE PLACE

Our gardens are located one-half mile west of Route 212 in upper Bucks County at Pleasant Valley; watch for turn at the north end of the village. Our sign posts will guide you when nearing Pleasant Valley.

Shipments and Planting

We will commence filling orders this year on July 7th and continue until October 15th. Please do not ask for them earlier or later than these dates. Bearded Iris may be planted anytime from early July until the middle of October. July and August is recommended for northern New York State and New England. October is only recommended for latitude of Philadelphia and further south. We plant later but it means proper protection and "servicing" them during the winter if there is evidence of heaving and most people do not want that trouble—hence our recommendations. Cultural directions are enclosed in each shipment.

Terms

Cash with order please—making checks or money orders payable to Cherry Hill Ir's Gardens. Sorry but no C.O.D. shipments. We have no minimum but since postal charges are now very high, we must ask that customers living east of the Miss. River, add .40¢ to any order under \$4.00. Those west of the Miss. River add same for any order under \$5.00.

Guarantee

Every rhizome will be freshly dug, large, vigorous and well rooted. They will be free from disease and insect pests and packed with greatest of care so as to reach you in perfect condition. Every rhizome is labeled with a copper wired printed wooden label true to name. No substitutions are made unless you so indicate on your order blank. (We might add here that customers who permit substitutions are **always** the gainers.)

We will replace free any Iris that does not meet with your approval or does not grow after planting providing this is reported before October 15th. (Please do not ask us to replace Iris lost by winter-kill. We do not feel that we should be held responsible for the planting location, care or for growing conditions beyond our control.) In the event there is an error in labeling, mistake will be rectified with a double replacement the following season on report from you immediately after the blooming season.

Our gardens are licensed and inspected by the Penna. Dept. of Agriculture. All shipments to areas outside the Jap. Beetle Zone are inspected and stamped by the U.S. Dept. of Agriculture.

Plenty of Extras—and You Select Them

WE LIKE TO GIVE GOOD MEASURE TO ALL OUR VALUED CUSTOMERS, SO RATHER THAN GIVE YOU VARIETIES WHICH YOU MAY ALREADY HAVE OR DO NOT CARE FOR, WE ALLOW YOU TO SELECT YOUR OWN FREE, EXTRA IRIS AS BELOW.

WE TRUST THAT YOU WILL CONSIDER THE GENEROUS ALLOWANCES GIVEN BELOW LIBERAL ENOUGH TO WARRANT A TRIAL ORDER IF YOU ARE A NEW CUSTOMER OR ANOTHER ORDER IF YOU ARE ONE OF THE MANY OF OUR OLD CUSTOMERS AND FRIENDS.

PLEASE MENTION SEVERAL SECOND CHOICES FOR YOUR EXTRAS IN CASE WE ARE SOLD OUT OF SOME VARIETIES. VARIETIES MARKED "NET" SHOULD NOT BE FIGURED IN YOUR TOTAL, NOR SHOULD THEY BE REQUESTED AS EXTRAS. THE SAME APPLIES TO THE SPECIAL COLLECTIONS SINCE THEY ARE ALREADY GREATLY UNDERPRICED.

OUR NEW IRIS INTRODUCTION

for 1954

DURING THE PAST FOUR YEARS WE HAVE HAD THE PRIVILEGE AND HONOR OF INTRODUCING MANY OF THE SPLENDID IRIS PRODUCED BY THE WELL KNOWN AND HIGHLY REGARDED IRIS HYBRIDIZER, THE LATE JOHN DOLMAN, JR. A FEW OF HIS BEST VARIETIES NOW BEING GROWN ARE BLACK RUBY (Introduced by Cooley's Gardens), BISQUE, SPANISH CREAM, JILL, ELFIN LAKE AND KERLIELLO.

THIS YEAR WE OFFER AN IRIS, WHICH NOT ONLY JOHN DOLMAN, BUT THOSE WHO KNOW IRIS, CONSIDER HIS VERY BEST ORIGINATOR. HE WAS JUSTLY PROUD OF THIS FINE IRIS AS HE SHOWED IT IN BLOOM FOR THE FIRST TIME TO THE MANY IRIS LOVING FRIENDS AND JUDGES WHO VISITED HIS GARDEN IN SWARTHMORE, PENNA., IN MAY, 1952. SIX MONTHS LATER JOHN DOLMAN SUDDENLY PASSED AWAY. THIS ULTIMATE ACHIEVEMENT IS A REAL TRIUMPH AND IS OFFERED TO YOU IN HIS: -

PEACHERINO

(Spanish Cream and Orangeade)

A charming peach and white bicolor. The closed standards are a lovely soft peach color. The semi-flaring falls are a warm white, lightly edged peach, a more heavy overlay of peach covers the shoulders. Beard is peach-tangerine. This Iris has the usual Dolman weather resistant qualities—holding its color and shape well and refusing to go down in wind or rain. Blooms late mid-season on strong, 36" stalks which are very well branched. Having built up a good stock, we are able to offer this fine Iris at a lower introductory price than an Iris of this quality would usually command. \$15.00 each.

The American Iris Society recently established "The Iris Hall of Fame." Iris may attain this high honor only by being voted the favorite Iris of the year or by being one of the Hundred favorites over a period of ten years. Being older Iris, they are not expensive and so are a splendid group for beginners in Iris to acquire as a start.

PERMARK'S

PERmanent MARKers For Plants

PERMARKERS, the new garden marker, meets **all** the exacting labeling requirements of discriminating gardeners and growers. They were designed after years of research and after testing all ordinary labels now on the market.

The label is made of dark green translucent Vinylite, most durable of all plastics. This label is most inconspicuous in the garden except for the yellow writing. A special Prismacolor orange-yellow pencil is used—it takes a fine point and does not smudge. Writing remains legible for years but can be easily erased for re-use.

The supports are made of Bethanised steel which is light, rigid, durable and non-corrosive. They will not turn or heave and hold the labels firmly at a readable angle. Labels easily removed from supports.

Postpaid prices are as follows:

		Labels only
10 Permarkers, supports and labels	\$ 1.40	\$.75

EVERY GARDEN SHOULD HAVE SOME IRIS PLANTINGS

No other flower gives such large returns for so little investment in time and money.

Iris are easy to grow, hardy and practically free from disease and most insect pests.

The range in color is more extensive than in any other flower and with the various blends, by-colors, plicates and variegatas, the variety to choose from is almost unlimited.

Iris not only give wonderful color value and added beauty to your garden, but are excellent as cut flowers for the house. A stalk, if cut when the top flower is opening, will last a week or longer.

If you have a friend, relative or good business customer interested in flower gardening, you would make them very happy by sending one of our numerous special Iris Collections as a gift. Donor's card will be enclosed with the shipment—either one you send (no writing however except your signature on account of postal regulations) or one supplied by us showing your name. Each year more and more of these growing and lasting gifts are ordered by our customers. If a special date of delivery is desired, it is necessary to order at least two weeks in advance.
